Work Experience

Freelance
2023 - Present

Producer/Project Manager

Established and nurtured strategic professional relationships globally, fostering a network of creators, suppliers, and collaborators to enhance collaboration and resource accessibility.

- Led collaborative efforts with multinational corporations, including Google, BBC, and HSBC, to co-create compelling media content targeted at diverse international markets, resulting in increased audience engagement and brand visibility.

33RED Films
2022 - 2023

Senior Producer

Senior Product Manager and integral member of the senior leadership team overseeing operational excellence.

- Spearheaded campaign management for esteemed clients such as The British Army, Accenture, and Allen & Overy, driving strategic initiatives that led to a nomination for a prestigious recruitment advertising award in partnership with the British Army.
- Pioneered the implementation of operational enhancements within the organisation, notably introducing Frame.io to streamline workflows and enhance productivity.
- Directed a cross-functional team of producers and production managers, fostering a culture of collaboration and continuous improvement while providing mentorship and professional development opportunities.

Deloitte / BP
2017 - 2022

Freelance Producer

Oversaw project lifecycle including budgeting and timeline adherence, to ensure seamless project delivery.

- Orchestrated cross-functional teams of technical experts to execute productions, driving initiatives that contributed to the acquisition of new business opportunities.
- Supervised teams of producers and production managers, conducting regular one-on-one meetings and quarterly performance reviews to optimise team performance and foster growth within the organisation.

Wellcome
2017 - 2022

Project Manager

Managed the successful execution of prominent events, such as Top 1000 Londoners at The Crick, national awards ceremonies for photography and literature, and research-focused gatherings held on a global scale.

Education

University of Birmingham

Full-stack Developer Bootcamp: Proficient in front-end and back-end development with expertise in reading and writing documentation including user stories and acceptance criteria. Successfully delivered three functional websites, gaining valuable experience in digital product management.
